PRICE TWO CENTS

GOECKER LOSES BY THIRTEEN VOTES

Republicans Make Big Reductions in Democratic Majorities.—Brand Runs Good Race.

LEGISLATURE IS DEMOCRATIC

Reports State That Judge O. H. Montgomery is Running Ahead of Ticket and May be Elected.

After one of the greatest political contests ever waged in Jackson county, the Republicans at the election Tuesday succeeded in greatly reducing the large majority of this Democratic county. While the Democrats generally conceded that they would lose some of their vote this fall, they were greatly surprised when the returns were filed, and especially so when it seemed that William Goecker, candidate for sheriff would defeat his opponent, Sheriff Jerry McOsker and Charles Brand would win over his opponent, W. M. Isaacs.

The entire Republican ticket was regarded as one of the strongest that has ever been placed in the field by either party, and from the very beginning of the campaign it was seen that many mixed ballots would be cast. All the Republican candidates made good showings in the election, and it is agreed that if a small amount of time had been given to the campaign they would have been elected by substantial majorities.

The race made by William Goecker and Charles Brand were especially interesting. Both of these candidates made a strong race and their general popularity throughout the county was shown by the large vote which was given them. It was conceded until about 8 o'clock this morning that Goecker had been successful, but when the ballots from the east precinct of Owen township reached the clerk's office it was stated that McOsker had won by a bare majority of thirteen votes.

The Republicans are not inclined to accept the vote, however, and believe that a recount will show that an injustice has been done. The matter is being given the attention of Mr. Goecker and a large number of his friends who are not satisfied with the final returns. It is stated that when these ballots were taken to the clerk's office the large envelope in which they were carried was not properly sealed according to the election law. The inspector who brought the votes to the office is said to have declared that the seal had been placed but had dropped from the envelope in moving them.

Until a late hour this morning it was believed by both parties that Charles Brand had been victorious over Mr. Isaacs, but the majorities given the latter in some of the last precincts to be heard from gave him the election. Mr. Brand, however, is to be congratulated upon his excellent race, and the large percentage which he reduced his opponent's plurality.

Bruce Bard, of Vernon township, made a good race for surveyor, and although he did not make an active campaign he received a large per cent. of the total vote cast, which showed that he had many friends among the Democratic party of Jackson county.

Much interest was manifested in the outcome of the county election and a large crowd remained at the Republican office during the entire night awaiting the earliest returns. Several of the precincts, however, were very slow in announcing their returns and the complete vote was not in until about 8 o'clock this morning. The board of review met at the clerk's office early this morning and began the big task of examining the ballots and making the official returns. On account of the heavy vote which was cast in practically every precinct in the county, it required some time to complete the work, and it was late this afternoon before the official returns were given out.

The official returns which have been given out follows:

Secretary of State	
Ellingham (D).....	2832
Gulley (R).....	1856

Ellingham's majority.....	976
Congressional	
Dixon (D).....	2771
Kamman (R).....	1892
Dixon's majority.....	879
Representative	
Branaman (D).....	2639
Ray (R).....	1869
Branaman's majority.....	770
Recorder	
Isaacs (D).....	2285
Brand (R).....	2181
Isaacs' plurality.....	104
Sheriff	
McOsker (D).....	2295
Goecker (R).....	2282
McOsker's majority.....	13

The official count on the county ticket had proceeded only as far as the above figures at the time we go to press. The vote in the city of Seymour was unusually heavy for an "off year" election. In several precincts nearly every voter whose name appeared upon the poll books, cast his vote. In other precincts throughout the county the voting was heavy and it is estimated that about seventy-five per cent. of the total vote was cast.

While the citizens of Seymour were greatly interested in the county ticket there was certainly no lack of enthusiasm regarding the state and national affairs. During the earlier part of the evening the bulletins from distant states were read at the Republican office, and on the streets were many crowds of men talking over the final outcome.

The earliest information regarding the Indiana situation was received from Marion county, and in fact very little could be learned except regarding the vote in that county. From the first it was seen that that county was largely democratic and that the legislators on the democratic ticket would be elected. For some time it was thought that William E. English, candidate for senator, would be elected, but the later reports stated that he, too, was defeated. The large democratic vote in Marion county was the result largely of local conditions, but later bulletins showed that the majority of the democratic candidates had been elected to the house of representatives. This means the defeat of Senator Beveridge.

While many were inclined to believe that the democratic legislative ticket carried with it the Democratic State ticket, such may not prove to be the case. In Marion county the Republican state ticket is running ahead of the legislative ticket and similar reports have been received from other counties which have elected democratic legislative tickets.

As there was a representative from Seymour on each of the state tickets much interest was shown in the vote for state officials, but at a late hour this afternoon nothing definite was given out. The Indianapolis newspapers are making a canvas of the vote for the heads of the tickets only, and for this reason it may require the official vote to determine who are the victors. The reports show that Ellingham, democratic candidate for secretary of state, was given an approximate majority of about 3,500, but the figures upon which this is based are not very definite. The democrats claim the state by 10,000.

Although no effort has been made to secure the exact vote for the members of the state ticket, other than the heads of the tickets, it would seem that Judge Oscar H. Montgomery, candidate for reelection to the supreme bench, will be elected. This belief is founded upon the reports that he is running ahead of the other members of the state ticket. In Marion county the state ticket is stronger than the legislative ticket and Judge Montgomery leads the state ticket by about 800. In several other cities it is said he is running ahead of his ticket.

Thomas Honan, candidate for attorney general, on the Democratic ticket, believes that he is elected and that the entire Democratic ticket has a safe plurality. The definite returns will not be received for several days until the official count is made.

General election news by states will be found on page eight today.

No Chance for Columbus.

Many dissatisfied cities and towns have been asking for recount, Columbus being one of them. A Washington special says:

No more reenumerations of populations will be made in connection with the thirteenth census unless on account of fraud, according to Director Durland of the Census Bureau. "I shall not make a recount in Baltimore," he said. "A recount at this time would mean the delay of the announcement of the total population of the United States, and we simply must have the aggregate figures by the time Congress meets in December."

Dr. Alely to Resign.

Dr. R. J. Alely, superintendent of public instruction, will hand his formal resignation to Gov. Marshall this week after election. He will leave Indianapolis for Washington Saturday and after spending two days there will meet in New York a number of the alumni of Maine University of which he will assume the presidency. He will reach Orono, Me., to assume his new duties Nov. 18.

National Troubadours.

Beautiful scenes, pretty girls and handsome costumes will be the order of the entire entertainment which is made up of fancy drills and figures, character songs and sketches, catchy music of the whistly kind.

This entertainment has been given in the principal towns of all the central states and has proven a great success. It is quite the largest play being produced with home talent, and you will regret not seeing it. If you fail to be present November 16 at the Majestic theatre. Seats reserved Tuesday at Andrews-Schwenk Drug store. Price 50c, 35c and 25c.

No Disturbances.

Election day and night passed off with out any disturbances in Seymour and there were no arrests. A few persons gave some evidence of having connected with a few drinks but were not in condition to cause arrest and it is claimed they got their liquor outside the city. Marshall Abel was called to one home during the night to quell a young man who had been drinking.

All of the soft drink parlors in the city were closed during the day.

Thanksgiving Turkeys.

Turkeys are now beginning to come freely as we are now dressing for the Thanksgiving market. It is likely that conditions will be reversed from last year, when the market gradually advanced. This year the high prices are paid at the beginning and any change in the market is more likely to be lower than higher, as the general turkey crop is considerably larger this year. We advise selling large turkeys now and holding small ones for December.

A Chat On Skirt Styles

Furnished by Pictorial Review

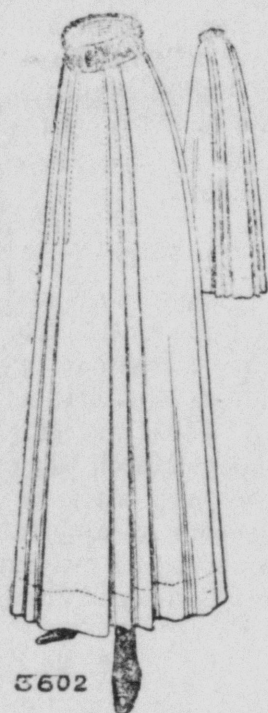

222 West 39th Street, New York City

This is the day of the narrow skirt, but a little more latitude is permissible with skirts that belong to dressy gowns, whether for afternoon or evening wear, though they, as well as morning tailored skirts, must look narrow at the ankle than at the top if they would show the stamp of up-to-date style. The extreme skirts worn abroad give rise to the name of "bobble" skirts, because of the mincing walk the wearers assume.

The very narrow skirt is no longer a question, it is a fact and for tailor makes also. Even if the skirt is laid in plaits at the top it is kept within the prescribed limits by a band at knee depth with the plaits free below, or a plain looking band that is really a slightly elastic flounce. Nevertheless, skirts having some plaiting in style also, the plaits being stitched at the top and extended tailoring keeps them straight and close all the way down, retaining the slender silhouette.

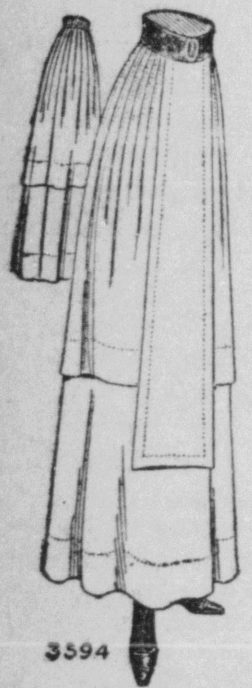

The hand on plaited skirts affords a medium for trimming, which often is only a bias strip of the goods, but in other cases takes the form of a braided band, satin fold, or a wide band of lace according to the nature of the gown of which it is a part. The gathered skirt allows more liberties in the use of materials, generally calling for a combination of fabrics.

There is a large quantity of beautiful soft materials manufactured especially to suit draped tunics, gathered flounces, sheer fabrics to veil changeable taffeta, soft satins and brocade. Afternoon gowns of crepe de Chine or figured crepe have the scant fullness carefully arranged at the waist line and such a design admits of a variety of trimming.

The first skirt illustrated above is a good design for a suit or separate skirt. The band is a very fashionable feature just now, but it should go out of style later on it can be easily removed and the skirt will still be all right.

PICTORIAL REVIEW PATTERN No. 3612, could be made of gray plaid worsted, serge, cloth, cheviot, homespun and mixtures as well as light materials like voile and crepon. It consists of eight gores, the sides of which are laid in plaits held down by a band and the closing is at the left of the center back. Pattern sizes are for 22, 24, 26, 28 and 30 inches waist measure; size 26 requiring 5 1/2 yards of 40-inch material.

Mannish mixture is a material that will be popular for fall. It has a blending of colored yarns as the name suggests, and the surface is not smooth. The skirt at the right side is adaptable to pique, linen and the heavier wash goods also. It is PICTORIAL REVIEW PATTERN No. 3602 and consists of ten gores with groups of plaits at each side of the center front and center back gores. It is suitable for serge, broadcloth, tweeds and the heavier silk suiting materials. Patterns are in sizes 22, 24, 26, 28 and 30 inches waist measure and size 26 requiring 4 yards of 44-inch material.

The skirt below, which is PICTORIAL REVIEW PATTERN No. 3594, is an excellent one for the softer materials such as voile, crepe, silk and wool poplin, challis, foulard, rajah and other silks. For an entire dress of voile this skirt is adaptable, and could be dropped over a well fitting skirt of another color. For instance a black voile over dark red or dark blue silk would be very stylish. The lower part of the skirt is a circular flounce. It is in sizes 22, 24, 26, 28 and 30 inches waist measure. Size 26 requires 6 1/2 yards of 27-inch material.

The price of these patterns, including cutting and construction guides is 15 cents each number.

SAYS BELLE ELMORE IS AMONG THE LIVING

Interesting Claim Put Forth By
a Philadelphia Lawyer.

Philadelphia, Nov. 8.—Francis T. Tobin, a lawyer and real estate broker of this city, who insists that he has turned up definite evidence that Belle Elmore, wife of Dr. Harvey Crippen, is alive in this country, claims to have inspired the action of the British home office in granting a temporary reprieve to Dr. Crippen, recently sentenced to be hanged for his wife's murder. Mr. Tobin said that after having learned that Mrs. Crippen had been recognized in various western cities even after her husband had been put on trial for her murder, he communicated the facts in his possession to Crippen's attorneys in London. He presumes that the home office in granting an unlooked-for reprieve to the condemned man and extending the date of his execution from today until Nov. 23, acted upon the information which he supplied. Mr. Tobin refused definitely to state the nature of the discoveries, but said he had positive information that Belle Elmore was alive and living in seclusion.

Not Necessary to Interfere.

Washington, Nov. 8.—Relieved of the necessity of immediate action by the postponement of the hanging of Dr. H. H. Crippen for two weeks, the state department will probably suggest that any evidence that Belle Elmore Crippen, his supposed victim, is still alive, as is reported by Francis Tracy Tobin, a Philadelphia lawyer, be laid before the British consul at Philadelphia. The department does not consider it necessary to interfere.

Belle Elmore Located?

Philadelphia, Nov. 8.—That a woman supposed to be Belle Elmore Crippen has been under surveillance for the last five days somewhere in the middle west was stated by the head of a private detective agency here. He gave the impression that she is being detained in a sanitarium.

A Supplementary Statement.

MANY RAILWAYS MAY BE TIED UP

Engineers and Managers Fail
to Get Together.

WESTERN ROADS INVOLVED

After a Long Series of Conferences the Managers of the Roads West of Chicago and the Locomotive Engineers Have Agreed to Disagree, and It Now Remains For the Engineers to Decide on the Question of Striking.

Chicago, Nov. 8.—A strike of railroad engineers which would tie up every railroad of importance west of Chicago threatens to be called in January, according to grand officers of the Brotherhood of Locomotive Engineers, for whom Grand Chief W. S. Stone of Cleveland, O., is spokesman. According to Mr. Stone and admitted by railroad representatives, conferences were begun between a committee from the engineers and the Western Managers' association Sept. 26 in this city, and nearly twenty-five sessions have been held since, the last being on Friday, when the last amicable arrangement of differences was declared to be unacceptable. The union committee was composed of fifty-two general chairmen from all over the country, with six grand officers, and the railroads, sixty-one in number, were represented by a conference committee of ten. W. B. Scott, assistant director of maintenance and operation, was chairman of the committee. The engineers presented a demand for an increase of 15 per cent in salaries. The railroad men offered compromises, which were refused, and the word has been taken back to the local unions to vote whether or not to strike. The reply will be brought back by Dec. 15. The present working agreement in force can be terminated on thirty days' notice. The brotherhood contains 60,000 members in the United States, Canada and Mexico, and 33,780 engineers will be affected on the lines in dispute.

THE WOMEN'S CHOICE

If Followed Out Today Will Put Berry in Governor's Chair.

Pittsburg, Nov. 8.—The representative women of Pittsburg yesterday afternoon, by their straw ballot, buried John K. Tener, Republican candidate for governor of Pennsylvania, and buried him deep. By a ratio of 3 to 1 over Tener and 40 to 1 over Grim, the Democratic candidate, they declared W. H. Berry of the Keystone party their choice for governor. It is estimated that more than 1,000 women cast their ballots, but there were many who bungled in the voting—voted for two different persons, insisted for voting for someone not down on the ballot, and so lost their votes. As it was, only 648 ballots were recorded on the sheets turned in by the two boards. The vote was: Berry, Keystone, 402; Tener, Republican, 139; Slayton, Socialist, 48; Larkin, Prohibition, 42; Grim, Democratic, 10; Anton, Industrialist, 2. Total, 648.

The total of the vote is a bitter disappointment to the leaders in the vote movement, who confess themselves weak at estimating crowds.

NO BINDING EFFECT

Attaches to Contracts For Sunday Advertising, Says Court.

Kansas City, Nov. 8.—In a sweeping decision handed down by Judge J. M. Johnson of the Kansas City court of appeals, newspaper contracts for advertising to be printed on Sundays are declared void and of no binding effect. The judge declared that such contracts were for work to be done in violation of the Sunday labor laws, and for that reason could not be enforced.

The decision came in the case of Publisher George W. Knapp & Co., owner of the St. Louis Republic, against Jeremiah Culbertson, president of the International Exploration company. Culbertson had a contract with the Republic for some advertising to be printed in Sunday issues of that paper. The advertising was published, as the paper agreed to do, on April 12 and 16, 1908. Culbertson avoided payment and suit was brought.

The Pennsylvania Motor company, a prosperous auto selling concern with headquarters at Philadelphia, has closed its doors with a sudden thud that sent a shock of astonishment along the entire length of auto row.

Autoists Seriously Injured. Princeton, Ind., Nov. 8.—Edward Baker, a wealthy flouring mill owner of Oakland City, and his wife were seriously injured near this city when their touring car skidded and overturned when they rounded a curve in the road.

Passenger Train Sideswiped. Lafayette, Ind., Nov. 8.—Twelve were hurt but none seriously, when a passenger train on the Wabash was sideswiped by another train. One sleeper was thrown upon its side after being splintered.

Held on Forgery Charge. Mt. Vernon, Ind., Nov. 8.—Wayne Pemberton, about thirty years old, of Boonville, was arrested here on the charge of forging and passing checks amounting to about \$50.

SIR VEZEY STRONG.

New Lord Mayor of London For Coronation Year.

Photo by American Press Association.

IMPORTANT FIGURE

New Lord Mayor of London Has Interesting Job Ahead.

London, Nov. 8.—The date for the coronation of King George has been officially fixed for June 22. Sir Vezey Strong, who is to be inaugurated lord mayor of London tomorrow and will thus be a prominent figure in the coronation ceremony, has had a wide experience in municipal affairs, having served as sheriff of the city, member of the water board, alderman, etc., and master of the stationers' guild and the plumbers' guild. He is not a college bred man, but stands high as a business man and is largely engaged in the paper trade. The stationers' guild will celebrate its five-hundredth anniversary during his year of office, and as he is a past master of the guild, there will doubtless be great doings on the occasion. He will also have an important function to perform at the coronation of King George V. in June.

THE EXPRESS STRIKE PROMISES TO GROW

Everything On Wheels In New York May Go Out.

New York, Nov. 8.—The express strike situation has been worried into pretty uncomfortable shape by the taxicabbers. Enough of them went on strike to tangle up the transportation arrangements of most of the hotels, and the labor heads are confident that they will pull out still more of these drivers. A general strike of just about everything that goes on wheels is not at all improbable. The leaders say they can order it, and they add that they will meet for that purpose on Wednesday if an agreement does not come before then.

There have been further conferences among the express officers, but no statement has been issued. One who knows the minds of the officers said that as far as they were concerned the situation was unchanged. "The whole thing could be cleared up in an hour," said he, "if it were not for one or two of the labor leaders. I believe that the companies will never recognize the union. It would be the death of at least one of the companies."

INFANTILE PARALYSIS

Dread New Disease Claims Daughter of Indiana Supreme Court Judge.

Logansport, Ind., Nov. 8.—Marie, the twenty-year-old daughter of Judge and Mrs. Quincy A. Myers, is dead after a week's illness of infantile paralysis. This is the fourth death from this disease in Logansport in two weeks. There are at present over twenty cases in the city, and physicians and parents are greatly alarmed. Dr. J. N. Hurty, secretary of the state board of health, was here several days ago and met with the Cass County Medical society for the purpose of discussing the disease. While here Dr. Hurty visited Miss Myers and concurred in the diagnosis that she was suffering from the disease. Miss Myers first complained a week ago Monday. The disease steadily crept over her body, the physicians being unable to save her. Her father is a judge of the Indiana supreme court.

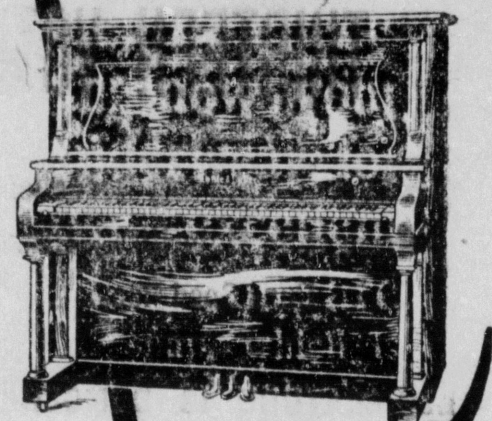

Didn't Stop to Relieve Victim.

Gary, Ind., Nov. 8.—Charles Mathies, aged seven, was run down by an automobile and, although Able Moremonth of East Chicago, who was driving the machine, knew that he had struck the boy, he never stopped. Young Mathies was taken to the Mercy hospital, where it is stated that he is suffering from internal injuries and will, in all probability, die. When word of the accident reached the Gary police they overtook Moremonth in East Chicago.

The Windup in Illinois.

Chicago, Nov. 8.—The campaign in Illinois came to a close last night with final meetings in the principal cities and towns and roundups of party workers.

**PURELY VEGETABLE
THE ONE SAFE BLOOD REMEDY**

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way than those composed of strong mineral mixtures. Among the very best and safest of vegetable preparations is S.S.S., a blood medicine made entirely of roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers and the finest of all tonics. S.S.S. does not contain the least particle of mineral in any form, and is an absolutely safe medicine for any one to use. While purifying the blood, this great vegetable remedy builds up every portion of the system. S.S.S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Constitutional Blood Diseases, and all impurities and morbid conditions of the circulation. It is perfectly reliable and safe for children; and little ones who have been weakened with scrofulous affections or other inherited blood troubles, can take this mild vegetable remedy with good results and without the slightest danger. S.S.S. is unequalled as a tonic; it invigorates every portion of the system, and the healthy blood it creates largely assists in overcoming any derangement of the stomach and digestive system. If you need a blood medicine you could do no better than to take S.S.S. It has been in use for more than forty years and is still recognized as the best. Book on the blood free to all who write.

What could furnish stronger evi- dence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had de- rived from the use of Doan's Kidney Pills. They now confirm their testi- monials. They say time has com- pleted the test.

Mrs. S. A. Gibson, 306 E. Second street, Seymour, Ind., says: "I suf- fered for a long time from severe pains in the small of my back and I also had depressing headaches. I was nervous and when I arose in the morning, my whole body was lame. When Doan's Kidney Pills were rec- ommended to me, I began their use and a prompt and thorough cure was the result." (Statement given in 1906.)

A LASTING EFFECT.

On April 14, 1910, Mrs. Gibson was interviewed and she said: "I can re- commend Doan's Kidney Pills just as highly today as I ever did. The cure effected by this remedy in my case has been permanent."

COLONEL ROOSEVELT.

He Has Airship Germ and Will Make More Flights.

© 1910, by American Press Association.

THE COLONEL SAYS HE WILL CONTINUE FIGHT Battle For Progressive Repub- licanism Not Ended.

Oyster Bay, N. Y., Nov. 9.—Silence, that's the word; absolute, double rivet- ed. Not a word had Mr. Roosevelt to say last night. In fact, he refused to be seen.

The wires to Oyster Bay hummed with the news all evening. The Col- onel at Sagamore Hill did not receive a detailed report of the result, but he heard early that Dix had been elected governor. He was not shocked.

When the newspaper correspondents climbed the hill, Kermit Roosevelt, who came down from Harvard to cast his first vote, met them. He said that the colonel knew what had happened and that under the circumstances there was nothing for him to give out. "What could he say?" Kermit inquired. Mr. Roosevelt may give out a state- ment later on, but even that is doubt- ful. He fought a losing fight, and he went into it with grave fears as to the outcome. As he left the polling place yesterday he would not make predic- tions. He declared positively that he would not give up, but that he would carry on the battle for progressive Re- publicanism in this state and every- where else, because that is the only thing he could do. He thought that he had done all he could.

A LOCAL AFFAIR

Governor Marshall Told Gory to Clean Up Its Own Mess.

Indianapolis, Nov. 9.—Gov. Marshall, late yesterday afternoon, received from Gary a telegram asking him to send troops there to quell the rioting which had broken out in several places in the city. He replied over the long distance telephone that the Lake coun- ty officers should take care of the situ- ation and he could not use the na- tional guard for such a purpose. The trouble is said to have grown out of the hiring of men to work for the election of Sheriff Grant and the po- lice men appointed by Mayor Knotts, it being charged that both the sher- iff and the mayor had sworn in a lot of thugs, the first as deputies and the second as special policemen. The governor was at the telephone all af- ternoon waiting for news and was much concerned over the situation.

WEDNESDAY, NOVEMBER 9, 1910.

The Democratic landslide in the country was not unexpected. While vigorous campaigns were made in the different states there has been a feeling that this was to be a Democratic year. The general political unrest due to many causes, the division in the Republican party on the tariff and other national questions and on issues of a local character in many states and the political conflict between leaders and organizations were some of the contributory causes.

The result of yesterday's election ought to teach Republicans that it is time to get together and wipe out the factional troubles that have been accumulating during the long period the party has been power. This will probably be one result of the decisive defeat and will lead the party to harmonize its differences and get in fighting trim and united order for the presidential conflict in 1912.

Chairman Lee of the Republican state committee is still in a hopeful mood and this forenoon was predicting confidently that the legislature will be Republican and that the Republican state ticket is elected.

John W. Kern's troubles have just begun in his race for the Senate and he has a fine chance of experiencing the teaching of two years ago.

Republicans have some gains to their credit. Returns this morning indicated the election of a Republican governor of Tennessee.

William Goecker and Charles Brand certainly made splendid races and proved their popularity and ability as campaigners.

The vote of yesterday shows that many Democrats are not satisfied with the conduct of affairs in Jackson county.

The country still has a Republican president to hold down the lid.

FOR THANKSGIVING

Table Ornaments Made at Home
For Thursday's Feast.

NEW JACK HORNER PIE.

Artistic Candle Shade Representing Horn of Plenty Can Be Quickly Put Together at Small Expense—Place Cards Painted In Water Colors.

Every housekeeper does herself proud in getting up the Thanksgiving dinner. Besides the snowy linen, sparkling silver and glass and savory dishes, some decoration is needed to make the festive occasion quite complete.

These decorations are no small item of expense if purchased in the art shops where handwork brings its price. Any woman or girl may, however, make her own decorations at very

NEW JACK HORNER PIE.

small expense and in a short time. We are giving today several designs which work out attractively in color.

The candle shade, representing the horn of plenty, always in evidence in Thanksgiving decorations, is to be traced on thin water color paper by means of carbon paper and tinted in water color. The horn is to be purple—not too dark—the ribbons green and the fruit of the gay richness of the natural colors. The inside of the horn may be tinted dark green.

To add to the effect when lighted put a bright bit of color on the wrong side of the shade under any gay colored fruit, such as oranges or apples. Leave a little seam on each end of the shade and fasten with brass brads. The edge is cut out irregularly around the fruit. When the painting is done, go over all lines with waterproof black ink.

Four place cards are given, one a demure Puritan maiden to be colored a light gray gown, darker gray cape with bright red lining, cap to match the cape with a white facing and tie and kerchief, which just shows a little in front.

Paint the face and hands in the natural colors. Red and yellow, if properly mixed, will give a satisfactory flesh color for beginners.

The lines in all the cards should be gone over with a pen and ink outline.

The turkey is to be painted brown, light and dark shades, with a bit of red on the head, and outlined.

The pumpkin is a brilliant orange color, with dark green leaves, and the apples shaded in light and dark red and green leaves, with brown stems.

The water color cards may be bought by the dozen, or very stiff and heavy water color paper may be used.

Those who do not already possess a box of water color paints may secure a very excellent little box of a new make with all the necessary colors for 50 cents. A five cent Japanese brush which comes to a very fine point will answer all purposes for doing this work.

A turkey "Jack Horner" pie is seen in the illustration, and if stuffed full of fascinating favors it is a charming way of distributing gifts either at a small dance or at the family dinner. The turkey should be set up out on a special table appropriately draped with a Thanksgiving crape paper cover.

A Christmas Hint.

Every girl likes a lot of trinkets to dangle from her wrist on a chain, and the prospective gift hunter would do well to bear this fact in mind.

The wrist chain in the cut is one of the newest designs and is carried out

HOPE ON.

Considering the unforeseen events of this world, we should be taught that no human conditions should fill men with absolute despair.—Fielding.

SECRET OF LIVING.

If we can only come back to nature together every year and consider the flowers and the birds and confess our faults and our mistakes under the silent stars and hear the river murmuring in absolution we shall die young even though we live long, and we shall have a treasure of memories which will be like the twin flower, a double blossom on a single stem, and carry with us into the unseen world something which will make it worth while to be immortal.—Henry van Dyke.

Setting Her Right.

Aunt Rachel—I see you've patched it up with Archie, and he's coming here again oftener than ever. He's asked you to marry him fifty times, hasn't he? Miss Mandy—Oh, dear, no, aunt, but I suppose he has asked me fifty times to marry him.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CHRISTMAS GIFTS FOR SWEETHEARTS

It is always much easier to choose an acceptable present for a woman than for a man, the needs of the sterner sex being more limited and practical utility being favored rather than mere decorativeness in all those things of which they are prepared to make use with any pretense of pleasure. The man who smokes will be genuinely pleased if some one presents him this Christmas with one of the new tobacco cases in whose silver shelter fourteen little cartridges of the fragrant and favorite weed are compactly stowed away and accompanied by a

CONVENIENT TOBACCO CASE.

filler which, without any of the usual trouble or untidiness, adjusts the contents of the beloved pipe.

For the automobilist or for the man who travels—indeed, for the smoker everywhere—this little gift is just the thing he'll want.

When Gift Hunting.

For the exquisite, the book lover and the traveler in one, whether man or woman, a gift par excellence would be a beautiful book rack of rare wood with much fine inlaid work, which comes from Florence. Birds and scrolls in intricate designs are deftly shown in woods of varying hues. For the man or woman bridge fiend there are bridge score pads supplied with covers of Chinese embroidery. Belt pins and buckles are welcome offerings.

Give Her a Plaque.

If you give your best girl a pendant she will be charmed, but should you select the latest ornament from gay

LA PLACQUE, THE NEW ORNAMENT.

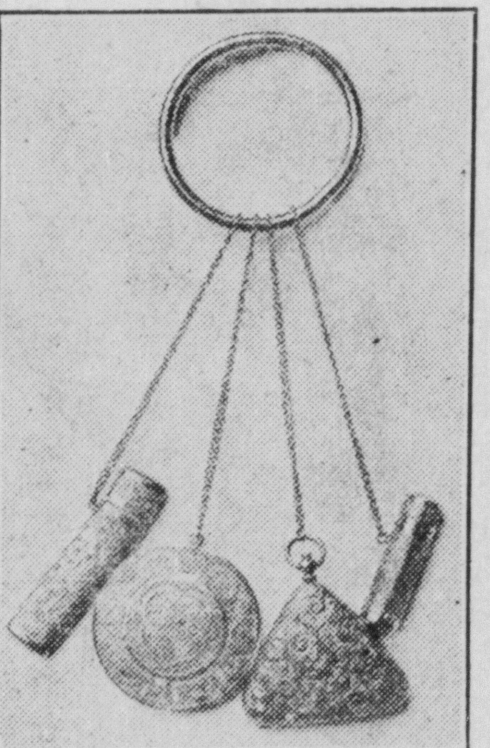

Paree, "la plaque," she will love you better than ever, for it's the smartest thing we've had in jewelry for many moons.

This novelty is a round medallion about the size of a silver dollar and is of platinum or silver, but never of gold. Pearls, gold or colored stones are incrustated on the surface, and delightful color combinations are secured by enamels.

The little ornament is worn around the neck suspended on a fine gold chain or a narrow velvet ribbon with jeweled links.

The Smart Vanity Set.

All girls like dangling trinkets, and here's an invention that is both swag and convenient. It consists of a number of toilet accessories made of solid gold or silver dangling from a bracelet. In the set pictured the articles reading from left to right are lip salve holder, coin purse, powder box and eyebrow pencil. To these is sometimes added for the very up to

date girl's cigarette case, with, of course, a tiny receptacle for matches. These sets won't do for the nervous woman, for their jangling and tinkling are very pronounced as the wearer walks.

The Walking Stick in Again. There are years when the walking stick is not carried by men, but this is not an off season, so why not buy the man a stunning stick of meerschaum wood with the ever popular straight handle tipped with silver on which the monogram of the prospective owner is engraved?

A TALE OF A STRANGE RACE OF NORTHMEN

They Do Not Even Know the Use of a Canoe.

San Francisco, Nov. 9.—After an absence of three years spent in the frozen north among the natives of Prince Albert Land, Captain William Mogg of the ill-fated whaler Olga, wrecked at Nome last year, has returned to San Francisco on the whaler Kartuk.

Captain Mogg, whose former exploits as an Arctic traveler were widely published ten years ago, when he made a thousand-mile tramp with Amundsen, tells wonderful tales of the country, inhabited by strange people and untouched by civilization.

In a land that abounds with game, there is a people whose knowledge is so crude that even canoe or fish-net is a mystery to them. The bow and arrow is the only weapon except crude copper knives and spears. Two or three hundred travel together, and when game is attacked whole crowds make a concerted attack with crude weapons. So rich is the country in copper that about forty miles from Point Barrow are its strewn thickly over the ground. Mogg has numerous specimens of pure copper. He says in time he believes capital will find a way to break into this treasure-house of nature and exploit its riches.

FOUND BY ROADSIDE

Member of Baltimore Social Set Puts Bullet Through Brain.

Baltimore, Md., Nov. 9.—Lying on the bank by the roadside on Hollins avenue at Lake Roland, the dead body of Frederick R. Smith, a well-known young member of Baltimore's social set, and a prominent member of the Mt. Washington club, was found with a bullet hole through his right temple. A jury rendered a verdict of death by suicide.

There was nothing about the young man to indicate the cause for taking his life. The bullet, after entering the right temple and passing through the brain, had apparently made its exit through the mouth.

Smith was connected with many prominent families in this city, and was very popular among the younger set.

Sticking to the Ship.

London, Nov. 9.—The thirty men comprising the captain and crew of the five-masted ship Preussen, the largest sailing vessel in the world, which drifted ashore in Crab Bay, Dover, after a collision with a cross-channel steamer, are still aboard the ship and have declined all offers to take them off. The ship is pounding on the rocks in a fierce northwest gale. The captain said he expected to float the vessel as soon as the storm abates.

The Aeroplane in Commerce.

Columbus, O., Nov. 9.—Use of the aeroplane for freight carrying was first made yesterday when Philip O. Parmalee in a Wright biplane made a record flight from Dayton to Columbus. Parmalee's cargo was a consignment of merchandise weighing 200 pounds, which he delivered from a store in Dayton to a store in Columbus. He covered the distance of approximately seventy miles in one hour and six minutes.

TROOPS CALLED OUT TO GUARD THE POLLS

Bloodshed Happily Averted in Oklahoma.

Oklahoma City, Nov. 9.—When armed negroes ousted the election officers at Fussy Creek, in Waggoner county, and took charge of the election and threats of similar action were made at Guthrie, Governor C. N. Haskell ordered out Companies M of the Oklahoma national guard at Oklahoma City, and Company B of Tulsa. The troops were under arms throughout the day. A picked posse with Sheriff Oprey of Muskogee answered the call for help and took charge without bloodshed.

The trouble arose over the enforcement of the "grandfather clause." The presence of armed men at Guthrie stopped a further demonstration there. Twenty Democratic state leaders were sworn in as deputy sheriffs at Oklahoma City, and worked in autos from precinct to precinct. Two arrests were made. It is estimated that 75 per cent of the registered negro voters of the state voted. At McAlester, R. O. Jagers, secretary of the county election board, was arrested on a federal charge of conspiring to deprive negroes of suffrage. He was released. He caused the arrest of three others on a charge of intimidating election officials.

ALL TOOK A HAND

One Voting Place in Indianapolis Witnessed a Free-For-All.

Indianapolis, 9.—The polling place of the Fourth precinct in the Sixth ward was the scene of a riot yesterday in which a dozen men were knocked down and some of them very seriously hurt. The precinct is heavily Republican and most of the voters are negroes. When the polls opened a hundred negroes were standing around ready to vote. An old colored man, who, the Republicans said, had lived in the precinct for a score of years, was challenged by the Democrats and as there is a thousand votes in the precinct the Republicans charged that the challenge was made to delay the voting. Words led to blows and soon a general fight was in progress. Men were knocked off the sidewalk and there trampled in the gutter by the struggling negroes and whites, while the peaceably disposed tried in vain to stop the fight.

The Republicans were in the majority and the Democrats were driven from the polls. A squad of police arrived and the challengers and a Democratic worker were taken to the police station. Men were there to go on their bonds and they soon returned to the precinct. Eight men were so badly hurt in the melee that they had to go or to be taken to their homes.

Michaels Released on Bond.

Logansport, Ind., Nov. 9.—Samuel A. Michaels, indicted for murder in the first degree for killing Levi Pippinger on the former's farm in Carroll county, last July, has been released from the Cass county jail on a bond for \$10,000. Judge John S. Lalry granted a writ of habeas corpus. Strong efforts were made to prevent Michaels obtaining liberty, the hearing occupying a week.

Insurgents Capture a Town.

Montevideo, Uruguay, Nov. 9.—The insurgents have captured Nico Perez, a small town about 125 miles north of Montevideo. The government is still sending troops into the interior. Several officials have been dispatched from here for the purpose of acting as intermediaries between the government and the insurgents, who are opposing the candidacy of Jose Battle y Ordonez.

Fire Kills Three Children.

Winnipeg, Man., Nov. 9.—Three children of A. Todd, a farmer, were smothered to death by inhaling smoke when their home caught fire.

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Aikey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Friars' Land Fraud Charges to Be Investigated.

MORE THAN TON OF DOCUMENTS

An Official Delegation Is on the Way From Manila With a Bulk of Evidence Which It Will Offer in Refutation of the Congressional Charge That There Has Been Crookedness in Land Deals.

Manila, Nov. 8.—Secretary of the Interior Worcester, Director of Lands Sleeper, Attorney General Villamora, Secretary Carpenter and their assistants have sailed for the United States. Their object is to testify in connection with the investigation by congress of the sale of friars' lands. They carry with them more than a ton of documents.

A bill has been introduced in the assembly demanding the immediate removal of Secretary Worcester because of his alleged insults to the Filipino race in a recent speech. The bill has much popular support and petitions have been received from the provinces urging its passage. The native papers persistently denounce Mr. Worcester with bitter hatred and publish many caricatures of him which are prompted by the deepest animosity.

"BASE AND LIBELOUS"

It Is Thus That Forbes Characterizes Martin's Charges.

Washington, Nov. 9.—William Cameron Forbes, governor general of the Philippines, has prepared an answer to Congressman John A. Martin of Colorado. Mr. Martin charged that Frank W. Carpenter, executive secretary of the Philippine government had leased 5,000 acres of friar lands and intimated that Mr. Carpenter had practically bought 17,000 acres. Mr. Martin further charged that 300 acres of friar lands had been leased for twenty-five years at 20 cents an acre to E. L. Worcester, a nephew of Dean Worcester, the Philippine secretary of the interior. Mr. Carpenter and Mr. Worcester have also prepared contradictions of the Colorado congressman's statements.

General Forbes calls Mr. Martin's accusations "base and libelous charges" and adds: "The director of lands joins me in an earnest request that there be a most thorough investigation of the whole conduct of the affairs of the bureau of lands and that this investigation be made on the ground. The records of the bureau of lands will be found complete, down to the hasty orders sometimes issued to field employees in the form of lead pencil notes. They will be promptly placed at the disposal of any person or persons duly authorized to investigate them."

"In short, the visit of such committee would go far toward breaking down that wall of ignorance of local conditions by which not only the people of the United States, but many of the members of congress of the United States, are separated from this country of enormous undeveloped natural resources."

MYSTERIOUS POISONING

Two Members of Pennsylvania Family Dead After Eating Buckwheat.

Wilkesbarre, Pa., Nov. 9.—Four members of the family of Moses Millington, a farmer of Slocum township, near this city, were stricken with poison after eating buckwheat cakes. Millington and his four-year-old son, Joseph, are dead, dying in violent convulsions. Two daughters, whose condition for a time was precarious, are thought to be out of danger, although still very sick. Members of the family say, however, that they do not know of any enemies who might try to poison them.

A Running Fight With Yeggs.

Beattie, Kan., Nov. 9.—Five masked men who came to this place in an automobile, blew open the safe of the Beattie State bank and obtained \$3,500. They escaped in the car, followed by a posse of citizens, and a running fight ensued, during which over a hundred shots were exchanged. Two of the robbers were wounded. The men are now being pursued by the sheriff.

PRESENTS CHILDREN CAN MAKE.

Frog Pen-wiper For Father and a Useful Cape Grandma Would Appreciate.

However nice a bought Christmas present may be, it is quite certain that as a child's gift a mother or father, aunt or uncle—indeed, any grownup relative—would prefer something made by the little donor herself. In this column a few home-made presents which can quite easily be made by children are described, and none of them costs more than a trifle to make.

First of all, there is the frog pen wiper. To make this gift a strip of light green cloth or velvet, seven inches long by three and a half wide, is required. This must be marked into four divisions. The lower portion should be lined with dannel. Sew the edges together and turn up a quarter of an inch at the bottom and glue this to a round circle of card, so that you have a bag with a cardboard bottom. Next cut a piece of card twice the size of one of the flaps and cover it in red flannel, making a hole half an inch wide in the middle. Fold this card and after padding each flap with cotton-wool sew the flaps to each side of the hinge. Two small boot buttons for eyes on the top flaps and you have something very like a wide mouthed frog sitting up. Now fill the body through the mouth hole with small shot and draw a pen through the opening.

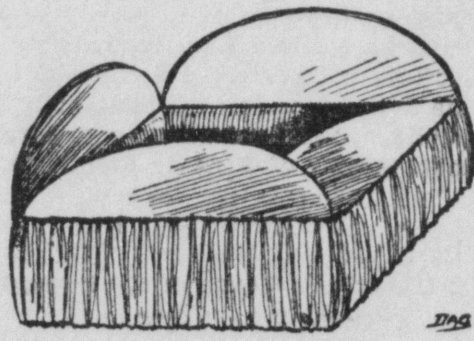

Useful Gift For Grandma.

A useful gift for grandma or an invalid friend is a cape made of plain or figured elderdown or outing flannel thirty-six to forty inches wide. Fold and cut material into a true square; cut from one point to center, then cut a round opening for neck. Finish the edge by hemming with some fancy stitch with a crocheted border or bind with ribbon. Tie with bow at the neck.

Ribbon should match colors in material. For invalids there is no better wrap, as it can be put on and taken off so easily and when made of pretty colors gives a touch of brightness which is very cheery and pleasing to the shut-in.

An Easy to Make Box.

A handkerchief box is a simple present for a child to make. Cut a piece of card six inches square. Then cut four pieces each six inches long and two wide for the sides and four more six inches long and three wide for the

A HANDKERCHIEF BOX.

lid flaps. These should have one long edge straight and the other rounded. Now on the square place a piece of cotton padding, scented with a good sachet powder, and over that a square of bright silk. Stitch this down, binding with narrow silk braid, and then pad and cover the four sides and lid flaps. Next take a piece of silk or silkette three inches wide and a yard and a quarter long and gather it top and bottom. Hem the four sides on to the bottom and draw up the puff around the sides with a ribbon drawing-string.

Two Gift Books.

Take a piece of water color paper, any size, fold in center, paint some pretty design, flowers or scenery, and diagonally the words in gold paint. "Guest Book." Use plain note paper for leaves and tie with ribbon to match color of design painted. Attach to this a program pencil and cord.

A baby book is made the same way, using blue forgetmenots scattered all over the cover, blue ribbons and blue or white pencil.

Knitted Wash Cloths.

Almost all children like to crochet. They can make really useful presents in shape of wash cloths of heavy white knitting cotton. Make a chain of twenty-five or more stitches, according to the size liked, and work in simple crochet stitch until the rag is square. A border of blue or pink cotton can be worked into a simple shell by the older children.

A Work Tray.

A linen covered work tray has fourteen spoons of silk laced around the edge. The middle of the tray is embroidered in repousse daisy work, and there is a heart shaped pincushion.

BLOODY RIOT AT WELSH COLLIERY

Striking Miners Ran Amuck And Looted Town.

SOLDIERS SENT TO THE SCENE

After Much Bloodshed and Destruction of Property Which the Police Were Powerless to Prevent, Cavalry and Infantry Were Dispatched to Rhonda Valley—Strikers Stop Ventilating Machinery—Horses Smothering.

London, Nov. 9.—There was serious rioting in the Rhonda Valley, South Wales, last night, in connection with the coal miners' strike. There have been sporadic disturbances and fights with the police at many places during the last few days, but last night the trouble was on a large scale. The fighting centered chiefly at the powerhouse of the Glamorgan pit, near Tonypandy, where the manager of the mine, a score of engineers, clerks and stokers were besieged. They had been working seventy hours working the engines to keep the pumps going. Had the pumps been stopped the pit would flood and it would not be possible to open it again. All the evening police from Cardiff, Swansea and Bristol fought off the thousands of strikers and their sympathizers, who kept up a fusillade of stones, while others barricaded the roads to prevent the rumored approach of the soldiers.

The government, in response to a request for help from the chief constable of Glamorganshire, had ordered cavalry and infantry to the scene, but later orders were given to hold the military at Cardiff, and the government sent instead 270 mounted and unmounted police from London. These arrived late at night. They immediately took a hand in the game and quieted things forthwith for a while. At midnight, however, the rioters ran amuck in Tonypandy, smashing windows in all directions and looting provision, clothing and other stores. They did damage that is estimated at \$150,000. One hundred and twenty-five stores and houses were more or less wrecked. Some were fired by incendiaries. The local authorities again appealed to the government, which ordered that the troops held up at Cardiff proceed to Tonypandy, and they are now on their way there. Two hundred more London policemen have been sent to reinforce those already at the scene. One hundred and twenty strikers and policemen were seriously injured in the fighting, while a number of others were slightly hurt. Rioters have controlled three pits since Monday. They have stopped the ventilating machinery, and thousands of horses in the mines are starving and being slowly asphyxiated.

TURMOIL IN HONDURAS

Revolutionary Spirit Against President Davila Said to Be Growing.

New Orleans, Nov. 9.—A general uprising in Honduras, with all of the old enemies of President Davila participating in the movement for his overthrow, is imminent, according to advices brought here by passengers on the steamer Orleanian from Ceiba and Puerto Cortez. They say the revolutionary spirit is spreading throughout the little republic and while the people generally do not sympathize with the actions of General Valladares, the revolutionary government of Amapala, they are willing again to rally to Manuel Bonilla, who, many believe, is making preparations to revive his revolution against Davila.

As an indication of the preparations that are going forward for a concerted movement against Davila, General Medina, former commandant at Ceiba, has gone to Amapala to consult Valladares and has been joined there by Generals Lara and Matuty, who were prominent in the recent Nicaraguan revolution.

Medina, who is a noted fighter and one of the most powerful political leaders in Honduras, only recently turned against President Davila.

Draws Line at Kissing.

Minneapolis, Nov. 9.—Because her husband in kissing her used too much ardor and because she objects to osculation as a general proposition, Mrs. Aemilia Schmidt is suing her husband for divorce on the ground of cruel and inhuman treatment. The alleged accusation which is the basis of the suit is said to have taken place on Aug. 6 last at the home of the woman's mother, which she refused to leave at the suggestion of her husband.

In Memory of His Brother.

Chicago, Nov. 9.—Dr. Arthur Edwards announces the gift of \$200,000 by James Patten, former board of trade operator, to found a chair of experimental pathology in the Northwestern University Medical school. The purpose of the chair chiefly is the study of tuberculosis and pneumonia, and the gift was inspired directly by the death from tuberculosis recently by George Patten, brother of the grain operator.

A Georgia Lynching.

Macon, Ga., Nov. 9.—A negro named Walker, who killed Marshal Charles Bush of Montesuma, Ga., was taken from the jail and lynched. His body was hanged from a bridge.

DEMOCRACY MAKES BIG ADVANCE ON TUESDAY

Will Have House of Representatives.

LARGE GAINS IN EAST

New York, Massachusetts, Connecticut and New Jersey Democratic.

INDIANA AND OHIO THE SAME

First Victory In the Country at Large Since Cleveland's Last Election.

Democrats have gained forty seats in the national house of representatives, assuring them not only control, but also a substantial majority. The

JOHN W. KERN

Democratic gross gain, however, is reduced to a net gain of thirty-seven by three Republican gains.

In order to gain control of the house it was necessary for the Democrats to elect twenty-four new members. Assuming the party will retain its representation in states not yet heard from, it is apparent the Democrats have thirteen members in excess of the twenty-four necessary to give them control.

The United States senate will have a reduced majority as a result of legislative elections held in many states.

INDIANA.

The Entire State Ticket Elected by the Democrats.

Indianapolis—The defeat of the entire state ticket is conceded by Republicans gathered at state headquarters at the Claypool hotel. There is still some doubt as to the legislative ticket, and the official count may not be required to determine this. Both parties are claiming a majority on joint ballot, but the Democratic claim seems the better founded, the Democrats probably having a majority of ten or fifteen on joint ballot, which would insure the election of John W. Kern to the United States senate.

Stokes Jackson, Democratic state chairman, declines to give out any estimate as to the probable plurality for

LEW G. ELLINGHAM

the state ticket, confining himself to the assertion that the full state Democratic ticket was safely elected. Lew Ellingham, Democratic candidate for secretary of state is elected by an apparent plurality of about 10,000.

There was no indication of pronounced difference between the vote

given Ellingham and the other candidates on the state ticket, and therefore it was assumed that should Ellingham pull through that all the other candidates on the Democratic ticket would be equally successful.

As the reports as to the legislative results were necessarily slow in coming in, even after the lapse of many hours following the close of the polls, it was impossible to state with definiteness whether the senatorial toga would fall on Senator Beveridge or John W. Kern. Among the interested spectators at headquarters was Mr. Kern himself. He declined to make any statement bearing on the senatorial situation and insisted that the most becoming attitude was silence pending more complete information as to the legislative situation.

Pending more complete returns neither Senator Beveridge nor State Chairman Lee considered it wise to talk for publication on the legislative situation.

The Democrats have returned twelve out of the thirteen members of the Indiana congressional delegation, Barnard having lost his seat in the Sixth. Crumpacker, in the Tenth was given the hardest run of his long career.

Marion county has gone Democratic by 2,500 to 3,000, all the offices, including representative in congress from the Seventh district, composed of Marion county alone, going to the Democrats.

Indiana Congressional Delegation.

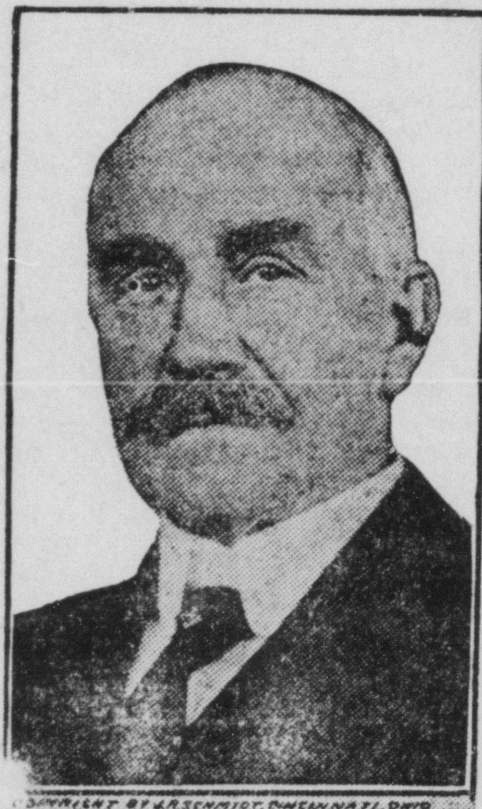

First District—John W. Boehne (Dem.); Second, William Allen Cullop (Dem.); Third, William E. Cox (Dem.); Fourth, Lincoln Dixon (Dem.); Fifth, Ralph W. Moss (Dem.); Sixth, Finley P. Gray (Democrat); Seventh, Charles A. Korbly (Dem.); Eighth, John A. M. Adair (Dem.); Ninth, Martin A. Morrison (Dem.); Tenth, Edgar D. Crumpacker (Rep.); Eleventh, George W. Rauch (Dem.); Twelfth, Cyrus Cline (Dem.); Thirteenth, Henry A. Barnhart (Dem.).

OHIO.

The Democrats Again Elect Governor, but Fail on Rest of Ticket.

Columbus—By being elected governor of Ohio for a second term, Judson Harmon performed a feat which has not been witnessed since Governor Reuben Wood was re-elected in 1851.

Harmon had been elected by a plurality of 40,000 over Warren G. Harding. Harmon carried the big cities, as

JUDSON HARMON.

was expected, Harding falling behind the vote for ex-Governor Harris, Harmon's former opponent, in most of the smaller counties.

For the third time in succession electing a governor, the Democrats have again failed to elect the balance of their state ticket, though it is probable that the legislature will be Democratic on joint ballot, resulting in the election of a Democrat to succeed Senator Charles Dick. Three Republican congressional districts were captured by the Democrats, cutting down the Republican representation in congress from thirteen to ten, with two other districts in doubt.

CALIFORNIA.

San Francisco—Returns are coming in slowly, but from indications it looks as though the Democrats have carried California, elected Bell governor and most of the state officers.

WASHINGTON.

Seattle—Washington has elected a Republican legislature pledged to the election of Miles Poindexter, insurgent Republican, as United States senator to succeed Piles.

OKLAHOMA.

Oklahoma City—Lee Cruce, Democratic nominee for governor, and the entire Democratic state ticket, have been elected by about 20,000.

NEBRASKA.

Lincoln—The Republican state committee claims 20,000 majority for Aldrich. Dahlman refuses to concede his defeat.

KANSAS.

Topeka—The Democratic committee claim the election of Hodges for governor and three Democrats for congress.

NEW YORK.

John A. Dix Carries the State by About 60,000.

New York—New York state was carried for the Democratic ticket by about 60,000 plurality for the head of the ticket, John A. Dix. The rest of the Democratic state ticket is elected by

reduced pluralities. The Republicans lost every member of congress in Greater New York except W. M. Calder in Brooklyn. The legislature on joint ballot will be Democratic, thus insuring a successor to Chauncey M. Depew of like political faith.

The vote is perhaps the most surprising feature of the election. More than 150,000 electors remained away from the polls. Dix, although triumphant by 60,000 plurality, received 40,000 votes less than Chanler. He received fewer votes than Hearst got two years before Chanler ran, and fewer votes than Herrick two years before Hearst. Stimson got not within 100,000 of the vote that went to Hughes two years ago, and hardly within 90,000 of the vote that went to Higgins six years ago. Dix carried Oyster Bay and Mr. Roosevelt's election district by a handsome majority.

WISCONSIN.

Senator La Follette Heartily Endorsed in the Badger State.

Milwaukee—Milwaukee, the city of the Socialists, will be represented in congress by two Socialists as the result of Tuesday's election. This means that with the other eight Republican districts in Wisconsin returning the incumbents, the Badger state Republican delegation will be eight as against ten in the last congress, and one Democrat is returned. The Republican candidate for governor, F. E. McGovern, is elected by 50,000, and the legislature is overwhelmingly Republican, which is taken as an earnest endorsement of Senator La Follette.

CONNECTICUT

over Charles S. Goodwin, cousin of J. Pierpont Morgan. The legislature remains Republican. One Democratic congressman and probably three have been elected, breaking the solid Republican delegation the Nutmeg state has sent to congress without a break since 1894.

IOWA.

Des Moines—Governor Carroll, Republican candidate for re-election, is

running badly behind and the Republicans have apparently lost three congressmen. Charles Grik, Republican progressive, was defeated by I. S. Pepper, Democrat, in the Second district. It looks as if D. D. Murphy (Dem.) has defeated G. N. Haugen, Republican progressive, in the Fourth, and Nate Kendall, Republican congressman in the Sixth district, is apparently defeated by Dan Hamilton, Democrat.

ILLINOIS.

Democrats Will Have Majority in Congressional Delegation.

Chicago—Many a new face was swept into the Illinois legislature by Tuesday's tidal wave of ballots, and the forty-seventh general assembly, which meets in Springfield next winter, will likely be a great advance on its unsavory predecessor, the forty-sixth, with its bipartisan alliance and its "jackpots."

The leaders of the old guard march back in triumph, but this time they are like generals without an army. Less than one-half of the men who sat in the last house and voted in the bipartisan combination, have gone back.

Three of the men who were indicted in the "jackpot" scandals, and who now face trial in Sangamon county were re-elected. In Ottawa Lee O'Neil Browne had little trouble in retaining his legislative shoes. In the Sixth district Robert E. Wilson (Bathroom Bob) got back into his seat, defeating Sayres, Prohibitionist. On the west side of Chicago Senator John Broderick was re-elected on a tide of beer.

The entire Democratic county, judicial and municipal tickets won in Chicago by pluralities ranging above 25,000. The Democrats carried eight out of ten Cook county congressional districts, gaining a total of five seats. Three seats down the state it is claimed have been gained by the Democrats. The Illinois representation in the next congress will have a Democratic majority.

NEW JERSEY.

Woodrow Wilson, Noted Educator, Has Been Elected Governor.

Trenton—For the first time since 1892, the Democratic landslide that landed Grover Cleveland in the presidency for the second time, New Jersey went Democratic. Woodrow Wilson, president of Princeton university, is elected governor over Vivian M. Lewis, his Republican opponent, by a plurality of more than 30,000.

WOODROW WILSON.

Except in Mr. Lewis's own county the Democratic candidate made gains in every county in the state, and all indications point to a legislature that will be Democratic on the joint ballot and name a Democrat as the successor of United States Senator John Kean, whose term expires in 1911.

MASSACHUSETTS.

Increased Cost of Living Blamed For Defeat of Draper.

Boston—Congressman Eugene N. Foss of Cohasset, who gained the Democratic nomination through a mail vote of delegates to the state convention, following a riot in Faneuil hall, was elected governor of Massachusetts by a plurality rising to 30,000. The remainder of the Republican ticket went into office. The defeat of Governor Eben S. Draper, the Republican nominee, is due to the agitation of the increased cost of the necessities of life and the outcry that the Payne tariff bill is one of the chief causes.

Georgia Standpatter Goes Down.

Atlanta, Ga.—William Howard, congressman from the Eighth district, was defeated by Sam Tribble. This was the most important election in the state, owing to the fact that both ran as Democrats. Tribble carried twice as many counties as Howard, with big votes in every county. The chief argument against Howard was that he had fought for the perpetuation of the Cannon rules.

Eight Districts Unopposed.

Atlanta, Ga.—Georgia returned eleven Democrats, the full delegation, to congress. In eight districts the Democratic nominees were unopposed.

In "Sunny Jim's" District.

Utica, N. Y.—Congressman Millington, Republican, who defeated Col. Roosevelt's nephew for the nomination, is defeated.

PENNSYLVANIA.

Old Republican Bulwark Held Its Own as Usual.

Pittsburg—Pennsylvania, the bulwark for years of Republicanism, held her own and returned a Republican governor, returned a legislature overwhelmingly Republican, and will also send to congress a great majority of

Republicans. The plurality of John K. Tener, Republican nominee for governor, reaches about 60,000. John Dalzell, Republican to congress from the Thirtieth congressional district and eminent standpatter, was re-elected.

ALABAMA.

Birmingham, Ala.—Prohibition played a part in the election in Alabama and many people remained away from the polls rather than vote against the Democratic candidate. Emmett O'Neal, Democrat, is elected governor over J. O. Thompson, Republican, by about 30,000 majority. In eight of nine districts, Democratic congressmen are elected. The race between Congressman John L. Burnett, Democrat, and M. W. Howard, Republican, in the Seventh district is close and an official count is necessary.

NEW HAMPSHIRE.

Concord—Robert P. Bass, Republican candidate for governor, was elected by a plurality of at least 5,000. Frank D. Currier is re-elected for congress from the Second district. Cyrus A. Sulloway was elected from the First district by a greatly reduced majority. The legislature will be Republican by a good margin. There is no United States senator to be elected this year.

LOUISIANA.

New Orleans—The election passed off quietly throughout Louisiana, with barely a third of the total vote out. There were no candidates for state offices, but district members were elected for the state railroad commission and the state board of equalization. There was no opposition to the Democratic nominees for these offices. For congress the seven Democrats were elected by large majorities.

MISSISSIPPI.

Jackson, Miss.—Election day in Mississippi was quiet, little interest being taken and a small vote polled. The only candidates to be voted for were congressmen, and there was no opposition in any district to the Democratic nominees. The real political contest here comes with the primary election in midsummer, and nomination means election.

SOUTH CAROLINA.

Columbia, S. C.—South Carolina as usual went solidly Democratic, electing the full Democratic congressional ticket and the entire Democratic state ticket. Col. L. Blease, of New Berry, is elected governor. The only opposition was that of a socialist candidate, who received a nominal vote.

IDAHO.

Boise, Idaho—The entire Republican ticket headed by Brady for governor, was elected, but by reduced majorities. French, an insurgent, was elected to congress. The legislature will be Republican, but there is no United States senator to elect. The only issue is submission of a state-wide prohibition amendment.

NORTH DAKOTA.

Fargo, N. D.—The state has elected a Republican legislature, which insures the return of McCumber to the United States senate and the election of Congressman Ronna to fill the vacancy caused by the death of Senator Johnson. Both Republican nominees for congress won.

ARKANSAS.

Little Rock—Arkansas voted for congressmen alone Tuesday, the state election taking place in September. A light vote was polled throughout the state, being fully 40 per cent smaller than the election in September. The state returns a full Democratic delegation to congress.

Democrats Gain Two in Maryland. Baltimore—Maryland elects five Democratic congressmen and one Republican, a gain of two for the Democrats.

WEST VIRGINIA.

The Legislature Will Be Republican by Reduced Majority.

Wheeling—The Democrats have elected two out of the five congressmen in West Virginia. John W. Davis (Dem.) has been elected over Charles Carrigan (Rep.) in the First district, and W. G. Brown (Dem.) has been elected over Congressman Geo. C. Sturgis (Rep.) in the Second district. Joe Gaines (Rep.) representing the Third district, has defeated Little Page (Dem.); Congressman Harry Woodyard (Rep.) has defeated John Hamilton (Dem.) in the Fourth district, and James Hughes (Rep.), present congressman from the Fifth district, has defeated R. Willey, the Democratic nominee.

The Republican majorities were cut in the Third, Fourth and Fifth. The legislature will be Republican, but by a reduced majority.

OREGON.

Prohibition and Woman's Suffrage Amendments Turned Down.

Portland—Jay Bowerman, Republican, was elected governor by about 2,000 majority over Oswald West. The candidacy of West was supported by United States Senators Bourne and Chamberlain, but as the state legislature just elected does not choose a senator, the result has no significance relative to this office. Indications point to the defeat of the prohibition amendments as well as woman suffrage submitted to the voters. In Portland prohibition was defeated by almost 2 to 1.

CALEB POWERS WINS

Only Republican Elected in Eight Districts Reported in Kentucky.

Louisville, Ky.—Kentucky congressmen elected are: First district, Ollie M. James, Democrat. Second district, A. O. Stanley, Democrat. Fourth district, Benjamin Johnson, Democrat. Fifth district, Swager Sherley, Democrat. Sixth district, Arthur B. Rouse, Democrat. Seventh district, J. Campbell Cantrill, Democrat. Eighth district, Harvey Helm, Democrat. Eleventh district, Caleb Powers, Republican.

TENNESSEE.

Nashville—Captain Ben Hooper, Republican and independent, for governor, has been elected by about 15,000. The complexion of the congressional delegation will be unchanged.

CAPTAIN HOOPER.

nor, has been elected by about 15,000. The complexion of the congressional delegation will be unchanged.

TEXAS.

Austin, Tex.—The total vote in Texas was less than 300,000, which is 200,000 short of the qualified voting strength. Of this number, O. B. Colquitt (Dem.) has received approximately 225,000 and J. O. Terrell (Rep.) 75,000 votes. No important state issues were involved.

COLORADO.

Denver, Col.—Denver gave Shaffroth (Dem.) for governor, about 25,000 plurality. Scattering state returns show Republican gains which indicate that Stephen (Rep.) for governor, will come to Denver with a plurality which will overcome that of Shaffroth in Denver.

Tennessee Congressional Delegation.

Nashville—Returns show the election of the following congressional delegation: Sam R. Sells, Republican, to succeed the late W. P. Brownlow in the First district; R. W. Austin, Republican, re-elected in the Second; John A. Moon, in the Third; Cordell Hul in the Fourth; W. C. Houston in the Fifth; J. W. Byrns, Sixth; L. P. Padgett, Seventh; Finnis Garrett, Ninth, and George W. Gordon, Tenth, all Democrats, re-elected.

Reverses Decade Figures.

Richmond, Va.—The Ninth Virginia district was carried by the Democrats for the first time in a decade. Henry C. Stuart, Democrat, has been elected over Representative Bascom Slempp, Republican, by about 300.

Florida Against Prohibition.

Jacksonville—The state-wide prohibition amendment has been defeated.

Roosevelt's Home County.

Hempstead, N. Y.—Nassau county, home of Colonel Roosevelt, is in the Democratic ranks by about 460 plurality, and what has been a Republican county since its formation twelve years ago, and which gave Roosevelt 2,500 and Taft 3,500, has been swung over by the Democrats after one of the most strenuous campaigns in its history.
